

SEAA News Update - January to December, 2016

1. Recognition of M.Sc. and PGDSE for Promotions

The members of the SEAA along with the Director/PGIS and members of the Board of Study of Science Education have worked to rectify the matters on updating and revising the present constitution related to teacher service, educational administrative service, principal service, and teacher educator service. We expect that the inclusion of M.Sc. and Postgraduate Diploma in Science Education for the promotions on the above areas in the revised constitution in 2017. A copy of the letter sent by the Science Branch to the Administrative Branch of the Ministry of Education is attached for your reference.

The president of SEAA Dr. W. D. Chandrasena was handing over a request letter to Mr. Sunil Hettiarachchi, the Secretary/Ministry of Education on teacher promotions based on Postgraduate Diploma in Science Education and M.Sc. in Science Education offered by the Postgraduate Institute of Science, University of Peradeniya (25.10.2016)

2. Teacher Training Programmes

One-day teacher training programme was conducted at Poramadulla National School for G.C.E. (O/L) science teachers on 12.02.2016. Approximately 35 science teachers from Hanguranketha Educational Zone participated in the workshop. Dr. W. D. Chandrasena of Faculty of Science and Mr. U. Samarakoon of Postgraduate Institute of Science, University of Peradeniya participated as the resource persons of the programme. The workshop was organized by Ms. G. G. H. M. H. S. Bandara, Assistant Director of Education/Science of the Hanguranketha Education Zone. The programme consisted of sessions on Science and

Science Education, Motivation on Learning, and Introduction to Teaching Methods. The participants had highly appreciated the workshop.

5. SEAA Magazine

The SEAA is ready to publish its educational magazine to be used by science educationists, science teachers, and students. The SEAA has received around 10 articles to be published in this magazine and the first publication will be launched in early 2017..

6. Fund Raising

The fund raising programme of SEAA has been launched through SEAA T-shirt sales and raffle draw. Dark blue and golden colours were used in the T-shirt designing and the raffle draw has to be held on 30.12.2016 at the AGM.

A Winner is receiving her Present from the 2015 Raffle Draw

7. Other Activities

Some SEAA members participated in school projects coordinated by a Visiting Japanese Professor Yoshiyuki Nagata in Hindagala Seevali Maha Vidyalaya and Uda-Peradeniya Maha Vidyalaya. The programme was on the theme of “Education for a Sustainable Environment”. Hindagala Maha Vidyalaya was visited for one day and Uda-Peradeniya school was visited for six days. The school observations were conducted followed by the discussions with the school principals, teachers, and students with related activities. A cultural event was organized in a Hotel at Uda-Peradeniya on the final day of the programme.
